Copyright (C) 2005–2018 by Stefan Evert. These pages were hand-written in Perl's POD (*plain old documentation*) format and translated to HTML and PDF with the help of `Pod::Simple::HTML` and `Pod::Man`. The list of publications was (mostly) automatically generated from a bibTeX database by a short Perl script.

`perldoc Stefan::Evert` is the command that you would use to find out everything you need to know about me if I were a Perl module (and then you'd hopefully want to use `Stefan::Evert :-)`. By the way, you *can* use `perldoc` to read the original POD versions of these pages.
